HINTS OF THE USE OF THE ALS DIALOGUE CARTOON GUIDE.

In memorizing any conversation, the difficult part is not learning each speech; the difficulty lies in remembering, after each speech, what comes next. These Dialogue Cartoon Guides have been prepared to help you remember, in studying each dialogue, what comes next.

Each Cartoon Guide contains all the clues necessary to reproduce one of your dialogues in proper sequence. As you study the dialogue, keep referring to the Cartoon Guide, and try to reduce your references to the text of the dialogue until finally you need only look at the Cartoon Guide to reproduce the entire dialogue.

Use the Guide in class, too, when you study the dialogue. For your best procedure in class will often be to practice taking parts in the dialogues, while looking only at the Cartoon Guides. And remember that some of your oral examinations may very well make use of the Guides in two ways:

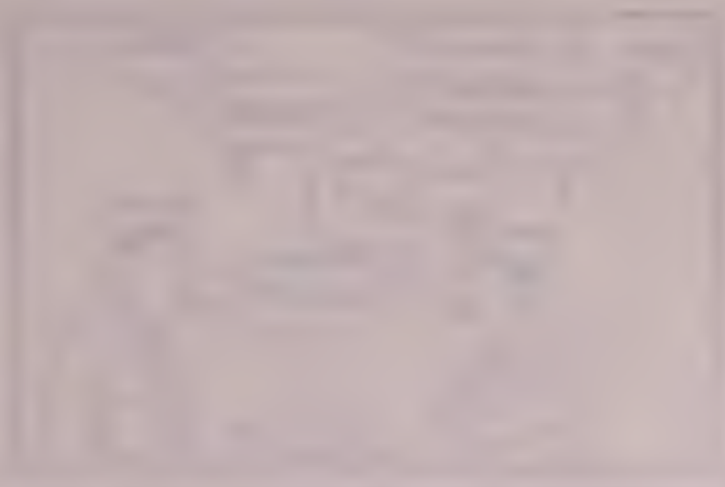
(1) by showing you two or three cartoons from one Guide and asking you to put them into language; and

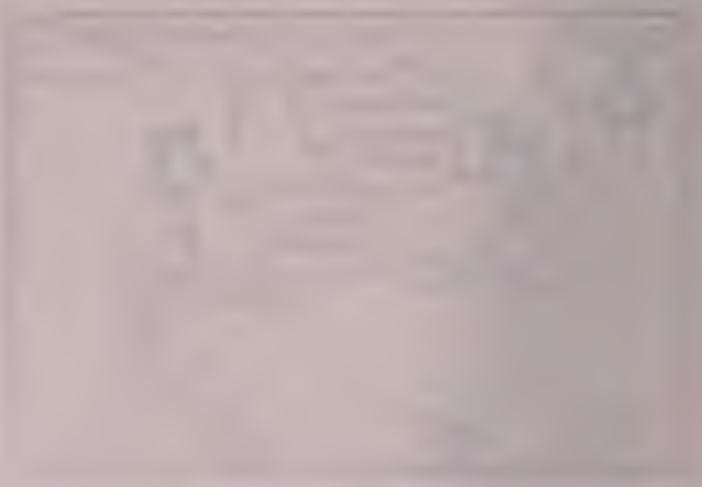
(2) by showing you three or four cartoons that have something in common but are taken from different dialogues, and asking you to put them into appropriate language.

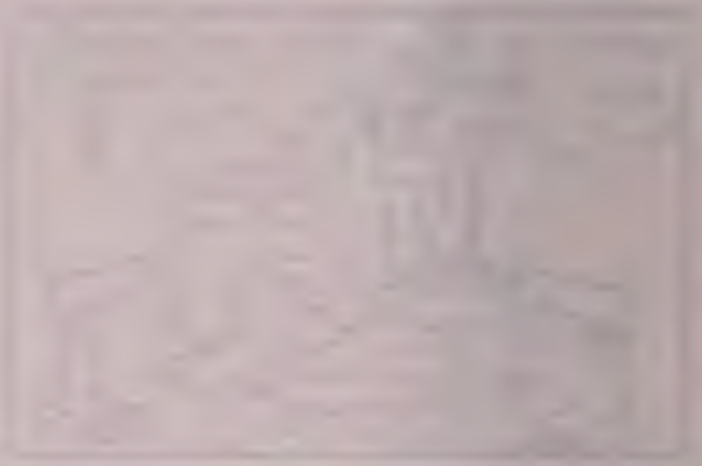
The Cartoon Guides are not a Rube Goldberg invention for the painless injection of a foreign language, but you will find them very helpful if you practice using them properly.

Lesson 1, Daily Unit I, Dialogue.

"Первый день в школе." "The first day in school."







Lesson 1, Daily Unit II, Dialogue.

"Первый день в школе." "The first day in school."

Lesson 1, Daily Unit III, Dialogue.

"Первый день в школе." "The first day in school."

Lesson 1, Daily Unit IV, Dialogue.

"Первый день в школе." "The first day in school."

LESSON I.

VISUAL--ORAL EXERCISE.
